**Los Angeles Club Planning Match Between All the Available Fighters.**

**SET FOR FIESTA WEEK IN MAY**

**O'Brien-Burns Bout Is the Only Contest Yet Arranged.**

PHILADELPHIA, January 14.—The greatest series of athletic events ever proposed or carried out by any management is planned by Tom McCarey, manager for the Pacific Athletic Club of Los Angeles, for a series of fights in May. The Nevada mining camps are to be outdone at any cost, apparently, to hear the press agent tell it. Just listen to him: Tommy Burns and Jack O'Brien already have been matched for a fight for a purse of \$50,000. In addition it is planned to have at least two other big events—possibly four.

Joe Thomas and Honey Melody may meet for the welterweight championship; Joe Gans and Harry Lewis seem to be matched for the lightweight championship; the winner of the Attell-Baker bout may fight Joe Bowker for the featherweight championship; it is proposed to match Yulian and Neil for the bantamweight championship, and the winner is to be matched with Owen Moran, if possible.

The first two proposed matches may not be made, although McCarey is ready to talk business. But there seems to be little in the way of the latter two being consummated. With any two of the four to support the Burns-O'Brien battle, the card would be one unsurpassed by any other offered with the possible exception of those of the old days of the Olympic Club in New Orleans.

In addition to the Fiesta week card Manager McCarey is planning a battle between Jim Flynn and Hugo Kelly, for no particular championship, but for a big gate. He also has begun negotiations for a battle between Jimmy Walsh and Frankie Neil for the bantamweight championship of the world, as Joe Bowker, the victor over Frankie Neil, has outgrown the class.

Walsh and Neil must fight at 115 pounds, Walsh will insist, and it may be that the battle will take place in February. Eddie Keenan, manager of Jimmy Walsh, has consented to the match if the weight suits. Neil is yet to be heard from, although he has been communicated with. But it is believed he will be anxious for the go. The winner would then be in line for Owen Moran, who is the bantamweight champion of the world.

The first card after the Attell-Baker fight will be a try-out card for January 29th. In that show Jack Cox and George Brown will meet in the wind-up, if nothing interferes with the match so far as arranged. The weight question is said to be the only thing in the way. Brown fights at about 145, while Cox weighs about 155, though it is claimed he can do 15.

The plan to bring Bowker and Moran to Los Angeles also may include "Gunner" Moir, who could fight any one of the aspiring lesser lights and prove his worth before battling for the championship. Either Bowker or Attell would be a good match for Bowker, while Neil or Walsh would be a splendid card with Moran. Neil now claims the bantamweight title, and must fight some one in defense of it.

## WEST POINT NOT ROW; REMARKABLE OFFER

**Wealthy Enthusiasts of Aquatics Were Ready to Equip Military Academy.**

NEW YORK, January 14.—West Point Military Academy has positively refused to take up rowing as a sport after receiving one of the most extraordinary offers ever made to any institution to develop this particular sport. For a number of years men interested in rowing at Annapolis and the Eastern universities have wished ardently to see rowing established at West Point, where there is every facility for the development of this form of aquatic sport.

It was considered that the expense of maintaining a crew would be the biggest handicap to overcome. Accordingly, offers were received from several wealthy New Yorkers and Philadelphians to present the military academy with a full outfit, including shells, a boat-house, and everything needful to the establishment of rowing.

The matter was taken up with the officials of the academy by one of the stewards of the Intercollegiate Rowing Association, who stated that it was held on the Hudson at Poughkeepsie. The commandant of the academy was finally obliged to refuse the offer. The reason he gave was that the cadets would not have the necessary time to develop a crew.

## BURNS VS FITZSIMMONS. Canadian Is Willing, But the Cornishman Demurs.

PHILADELPHIA, January 14.—Tommy Burns said the other day that he would like to meet Bob Fitzsimmons in a six-round bout in this city. But old Fitz, who is showing in Missouri, declares that there would not be enough money in such a contest, and that it Burns wants to fight it, he will have to be a finish before one of the Nevada clubs.

Fitz thinks that he could get a \$50,000 purse for a battle with Burns, but there are many sporting men who do not agree with the Cornishman. "Ten years ago, when I was a boy," says Carson City, he was the best drawing card in the country. But since his poor Philadelphia fight he has lost much of his former magnetism.

It is probable that a Fitzsimmons-Burns will would be worth about \$25,000 at the most. It would be interesting if only to prove further the real worth of Burns as a pugilist. As far as weight is concerned, the men would be pretty evenly matched, as both would enter the ring at about 170 pounds. Fitz is several inches taller than Burns, and today is regarded as the better fighter. His fight with O'Brien was the only one in which he should have been the easy victor over the hustling Burns.

**GOOD HORSES ARE BEATEN**

**Victory of Glorifier Over a Strong Field a Distinct Surprise to the Talent.**

NEW ORLEANS, LA., January 14.—Three horses, at long odds, won at City Park today. Jerry C., winner of the first race, was as good as 30 to 1 at one time, and was backed to 12 to 1 at the time the race was run. The race attracted much attention because of the ease with which good opponents were beaten.

It is likely that one of the important offices of the league will be given to a Trenton man. Colonel Perrine has taken charge of the arrangements for having a Trenton team in the league.

## FOR MCGOVERN BENEFIT. Big Show Arranged for Wednesday Night at National Club.

PHILADELPHIA, January 14.—The one big event in boxing circles this week will be the testimonial benefit tendered to Terry McGovern at the National Athletic Club on Wednesday evening.

The program has been arranged by Jack McGulgan and Lewis McGulgan, who are to appear in a number of bouts. The program is to be a real boxing show, with a number of prize fights, and a number of novelties and real boxing than ever given at an entertainment of this kind in this city.

George M. Cohan, the treasurer of the McGovern testimonial, is now in this city and will be present at the benefit on Wednesday evening.

Sam H. Harris, Terry's former manager, will also be on hand, and every effort is being made by the committee in charge to make the affair a place over the top to the old mother, wife and children of the once invincible Terry, who is now dethroned financially, physically and mentally, and who will likely have to pass the remainder of his days in a sanitarium where he is now confined.

## HIGH SCHOOL TEAM IN FINE CONDITION

That the Richmond High School boys are in fine condition in their hopes for honors in the great meet in the horse show building is readily acknowledged by one of the men who will be in charge of the work of the squad evening after evening.

There are two members of last year's winning team who will run again this year. The places of the runners who have left the High School will be filled by even faster men.

The squad this year is better balanced than ever before. Last year's team had two stars and ten men who were only moderate speed. This year's team is made up of men who can give almost any one the worth of their money in a race, and it is a pity that the four is the fastest.

The High School will enter in relay, fifty-yard dash, and in several individual events.

The winning of four cups last year has aroused great enthusiasm in the school, and it has not been decided yet what schools will compete with the High School, but the boys are looking hard enough and earnest enough to make it certain that whoever runs against them will have one of the most exciting races in the city.

The squad is as follows: Robert Brook, Ira Hachtenstein, John Simpson, Robert Mills, Halp Ludwig (manager), Paul O'Brien (trainer), and every loyal High School boy as a rooster.

## Will Show Horses Abroad.

NEW YORK, January 14.—The first shipment of American horses for the International Horse Show, to be held at the Olympia Building, London, June 7th to 18th, will be made on January 20th, when Alfred Gwynne Vanderbilt will send his entries from Oakland Farm, following this shipment the start of other prominent American exhibitors are to be prepared and shipped within the next two months. A. G. Vanderbilt has been in the van in all horse show movements during the past few years, and the fact that he has taken the initiative in shipping his prize winners to London means a good representation from this country.

## Coplin Willing.

"Kid" Coplin stated last night that he would be willing to accept the challenge of Bernie Sullivan for a fight between Herbert and himself. It is not known whether Sullivan would be willing to back Herbert for a fight, as he could not be seen last night. Sullivan has issued a challenge for Joe Zippman, of Baltimore, who will agree to meet him in ten rounds for side bet and entire purse.

## RACING RULES CHANGED.

NEW YORK, January 14.—The annual meeting of the Jockey Club was held last week in the Windsor Arcade, and Frank C. Bishop, proposed by Clarence Mackay and seconded by Andrew Miller, was unanimously elected to membership to fill the vacancy caused by the death of A. J. Caswell. A number of amendments to the rules of racing were also adopted.

The racing stewards, F. R. Hitchcock,
